TO WHOM IT MAY CONCERN:

Kent Security Services has served one of my communities Homeowners' Association for the past year. I found them to be a highly motivated, professional team. They were proactive in all endeavors and successfully executed their responsibilities.

I was favorably impressed with all aspects of this company beginning with their PR work, inter-office; such as timely written reports, prompt and accurate billing, quality of guards and the field supervision, as well as, the account manager making sure our needs were being met as we had expected.
