Kent Security Services, Inc.
Attn: Mr. Avi Dor
14600 Biscayne Boulevard
North Miami Beach, FL 33181

Dear Mr. Dor,

As you are well aware, Commodore Aviation is in the process of relocating our operations to the Griffiss Business & Technology Park, located in Rome, New York, and we would like to take this opportunity to thank you, and Kent Security, for your services and assistance in the past several years.

Since the onset of services to our 110,000 sq. ft. facility at the Miami Airport, Kent Security has showed a sincere interest and concern for Commodore's operations and staff. From mundane activities to special requirements, Kent Security has shown professionalism, efficiency and adaptability to our needs. The security survey performed at the Miami Headquarters greatly helped us gain perspective and adapt our security needs, while maintaining our budget.

We further appreciate your time, assistance and support prior to our move to our new facility in Rome, and would like to personally thank you and Mr. Gil Neuman for taking the time from your busy schedules; traveling to New York, to evaluate the security needs for our new facility.

Kent Security has been a good business partner, and more importantly - a friend, to myself and to Commodore Aviation and I am certain that this relationship will continue after we have completed relocation.

Yours truly,

Yosi Ben-Yoseph

KENT SECURITY1
