To Whom It May Concern:

I am happy to recommend Kent Security for employment with your organization.

As a board member and security liaison, I have the pleasure of working with Adoni Kokkinos and his staff where they handle the overall security and gatehouse access for our community of 1,119 residences. Kent Security is extremely efficient and willing to do whatever it takes to accommodate our sometimes unusual and often difficult requests. Their outstanding efforts and diligence truly make Stoneybrook a wonderful place to live.

I would especially like to commend Adoni for his cooperative attitude and overall commitment to the protection of our community. Having dealt with other security companies in the past, I can say that he is truly a pleasure to have on our team. Adoni epitomizes professionalism and still provides a personal level of service and communication that is truly extraordinary.

I highly recommend Adoni and his team, and if you have any specific questions regarding their performance or our relationship with Kent Security, please do not hesitate to contact me at 239-287-2928.

Sincerely,

Quill Jones
Security Liaison
Stoneybrook Master Association Board of Directors
