Just a quick note to express my genuine appreciation for your staff assigned at Curtis Park, in particular Fernando Gomez and Maria Khan (Kent Security guards).

**The Work** involves numerous hours and problem solving; probably the most important aspect of the job is the way they patrol all assigned areas on foot to ensure the protection of the football field artificial turf, park visitors, property and equipment in our facility. This thank you has been long overdue, Fernando and Maria, have been on board since your company (Kent Security Services) started back in April 2007, I am pleased to inform you that no major incidents have been reported so far; this would not have been accomplished without their superb skills and efforts.

In particular, I would like to point out that Fernando Gomez always reports to me disorderly or suspicious behavior and attempts to control the situation. Its good employees like Fernando Gomez and Maria Khan, giving of themselves in real service, which make your company great, they are the behind the scenes employees whose duties often go unrecognized, but who perform an extremely crucial role in the success of your companies image and truly deserve acknowledgement.

Many thanks from the Curtis Park Team.
