To Whom It May Concern:

This letter is to acknowledge the quality of service and professionalism exhibited by Kent Security's Managers and staff while conducting their duties as Cutler Landings POA Security Company. The body of work while aggressive was always courteous and respectful to the community members.

Their management team led by Jorge Castro immediately implemented a staff to meet the needs of the community. With our Front Gate entry system inoperable and a state of confusion and turmoil left by the prior company they implemented a staff that was diverse and confident enough to slowly ease the community back to a sense of confidence and peace of mind. The district manager Alex Garcia kept the Board of Directors both informed and educated on what was needed to get the community moving in the right direction. On some occasions Alex would provide traffic and crowd control for community matters held at our park at his expense.

Kent Security meets and surpassed all expectations for their scope of work in our community. As President of the Board of Directors I want to personally thank them for a job well done. We look forward to their services again in the future.

Sincerely,

Antonio Rodriguez
President of Cutler Landings
Board of Directors
